To know before your trip

INDISPENSABLE DOCUMENTS

- Valid identity card or passport,
- Disability card,
- Parking card for people with disabilities,
- Driving license,
- Prescription for medical treatments.

VISA

United States, Australian and Canadian citizens can visit Croatia without a visa for a stay up to 90 days unlike United Kingdom citizens who need it.

Check if you need a visa on the following website: [click on this link](#)

HEALTH

It is advisable to be up to date with your vaccinations.

The rules for access to the territory in relation to the Covid change regularly, it is advised to consult the website of the embassy of your origin country in Croatia.

If you are an European Union resident, remember to apply for your European health insurance card. It will allow you, in the event of an unexpected health problem, to have access to health professionals and hospitals in the country visited at the same price.

Some bank cards include insurance that can cover unexpected medical expenses. I advise you to inquire.

You can take travel insurance to cover unforeseen medical costs, but also loss or theft of luggage, reimbursement in the event of cancellation of the trip, etc.

ACCOMMODATION

If you appreciate our work and want to support us, you can book your accommodations via the booking links below. A small commission will be paid to us without it costing you more, thanks to your support we will be able to expand the range of travel guides for people with reduced mobility.

We recommend that you book in advance in order to have as much choice as possible among accessible accommodation and obtain advantageous rates.

ELECTRICITY

Voltage and frequency in Croatia are the same as in Australia and the UK (230V, 50Hz), so you can use all your devices only with an adaptor.

Americans and Canadians will need to use an adaptor. Check your devices: if they do not have the words 'INPUT: 100-240V, 50/60 Hz' you will need a transformer.

TRANSPORTS

Airport

Croatia has several international airports: Dubrovnik, Rijeka, Split, Pula, Zadar, Zagreb. They are equipped to accommodate people with reduced mobility.

Assistance at the airport

If you choose to fly, remember to ask for assistance no later than 48 hours before your trip. This service is free for anyone with reduced mobility. It allows you, depending on your needs, to benefit from a companion to move around the terminals, to check-in and check-in your luggage, to get to the plane, to embark, to settle on board, but also to leave the plane, collect your luggage and accompany you out of the airport.

Ferry et Catamaran

Jadrolinija is the main ferry company in Croatia.

It provides three types of connection:

- Internationals,
- Local, between the big cities of the coast,
- Coastal, between cities and islands or the islands themselves.

The crossing can be done by ferry for all types of vehicles as well as bicycles. And by catamaran for pedestrians only.

You have to:

- Buy your tickets before getting on the ferry,
- You present 1 to 1 hour and a half before departure in high season (July-August),
- But only 30 to 45 minutes in low season.

Some ferries and catamarans are fully accessible, others only have access to the passenger platform. Some have no access, in which case the staff is there to help you if needed.

For any information, you can contact the company at:

- www.jadrolinija.hr
- +385 51 666 111
- passdept_e@jadrolinija.hr

Train

The Croatian Railway Company (HŽPP) provides access to some of the cities featured in this guide: Zagreb, Osijek, Zadar, Šibenik and Split.

Some trains are fully accessible, but others require assistance. If you wish to travel by train, it is essential to contact the company at least 48 hours before the trip to ensure that assistance is booked.

You can contact the company at:

- www.hzpp.hr
- +385 1 378 2583
- informacije@hzpp.hr

Car rental

Ragusa Travel offers a transport service with driver. The vehicle has an electric platform and can accommodate 2 wheelchair passengers + 5 passengers.

Contact:

- www.accessiblecroatia.com
- +385 98 915 2834
- dms_dubrovnik@sdmsh.hr

Driving in Croatia

Car Insurance:

- Check your green card for being well covered in Croatia.
- If necessary, you can take out transit insurance at the border post, for around 50 euros.

Traffic Laws:

- Right-hand drive.
- The speed limit is 130 km/h on highways, 110 km/h on expressways, 90 km/h on roads and 50 km/h in town.
- The tolerated blood alcohol level is 0.50 g/l, but 0 g/l for those under 25.
- It is compulsory to have a reflective vest per person in the vehicle as well as a first aid kit.

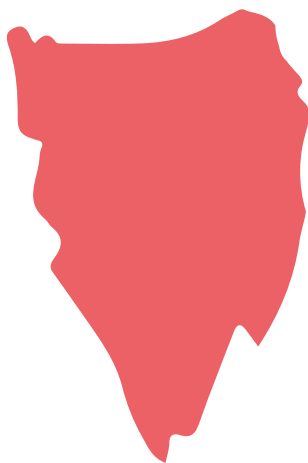

In the event of a crash:

- Wait for the arrival of the police (contact: 192), their presence is imperative to complete the report. Do not leave, you will risk a fine of 1000 euros.
- It is best to contact the embassy in your home country.

Parking

You are allowed to park in a parking lot for the disabled if you have a parking card for people with disabilities. Parking is not always free but depends on city policy.

ISTRIA

STREETS

Despite a marked landform, a large part of the city is wheelchair accessible. This can be quite physical though. Regarding the peninsula dominated by the cathedral, the slopes are very pronounced and the pavement uneven. However, the districts of the port and the market place are flat and the paving stones regular.

KVARNER

Between Krk island and Zagreb: don't miss the Vrelo cave in Fužine. It is fully accessible. Be careful cover you up, it's cold inside.

TO VISIT

Plitvice National Park / Plitvička Nacionalni Park

Location: [click on this link](#)

For people with disabilities and their companion, no reservation is needed and the entry is free.

For all other types of public, the park entrance ticket must be booked at least 3 days in advance. The number of visitors is limited to 5,000 per day in order to protect the national park.

The park is partially accessible due to a large number of steps. The visit is very sporty. After the first viewing point, you have to take a steep descent of more than 100 meters of vertical drop that you will have to climb back. At the bottom, you are quickly blocked by stairs. The viewing point is not worth the physical effort that will require the climb back.

On the way to the panoramic train, you can see beautiful waterfalls. But taking this transportation is not recommended because the viewing point from it is not very interesting and it takes you to an unsuitable route, which has a lot of steps.

Kuželj House in Visovac / Visovačka kuća Kuželj

It is possible to access the parking lot in Stinice by car. A path of about 500m leads to the museum through the old oak forest. The courtyard can be visited. The floor is made of irregular cobblestones. Only the ground floor is accessible.

Krka Monastery / Krka samostan

It is possible to access the parking lot by car. The courtyard can be visited but there are two steps to enter in the monastery.

Puljane Eco Campus / Eko Kampus Puljane

It is possible to access the parking lot by car. The exterior floor is made of irregular cobblestones.

Roški slap

It is possible to access the parking lot by car. The "collar" is 1360m long, the floor is made of bitumen and a wooden bridge. The relief is flat.

Skradinski buk

The access possibilities differ depending on the date of visit:

- From November to March, you can get there directly by car (on presentation of your disability card).
- From April to October two types of transport are available:
 - The bus (equipped with a ramp) from Lozovac.
 - The boat from Skradin (not really accessible) but the park staff are there to help for boarding and disembarking.

Pedestrian trails

- Goriš - Torak trail (1450m de long, revêtement bitumé, relief plat),
- Trail between Skradin bridge and Skradinski buk waterfall (3,400m long, asphalt pavement, slight descent on the outward journey, the relief makes the return demanding. Holders of a disability card can take this route by car),
- Trošenj - Pištavac trail (5,700m long, asphalt pavement and dirt road, flat relief),
- Vukovića podi trail (350m long, asphalt pavement, flat relief).

STREETS

The city profile is flat. The cobblestones are sometimes uneven in the historic city center. Most of the streets are narrow.

ZADAR

Zadar is a fortified city located on a peninsula. It is nice to stroll there and discover the many vestiges of the civilizations that reigned over the city. The city center, its alleys and monuments, its promenade along the sea make it a must-see destination.

VISITING TIME RECOMMENDED
